PROGRAM INFORMATION FORM

Open for digital submission May 1 – May 31, 2026

*Please note: This is NOT the annual report for either DWS-OCC or USBE funded programs.

*<u>This form is not your Program Information submission</u>. This form may be utilized to collect information in advance that will be utilized in completing your digital submission of the Program Information Form on our website.

Introduction

The Program Information Form is designed to help out-of-school time programs gather high-quality, targeted programmatic data. This data offers valuable insights for improving program quality, including current offerings, youth and family demographics, staff demographics relative to youth demographics, program strengths, and areas for improvement. We encourage programs to use the collected data to assess their quality, build and strengthen relationships with partnering schools and districts, and demonstrate program impact to the community, potential funders, and policymakers (<u>Afterschool Alliance</u>, 2014, pg. 2).

This form also provides the Utah Afterschool Network with crucial information on the overall landscape of afterschool programs across Utah. We utilize this information to evaluate program growth and utilization, identify gaps in afterschool coverage statewide, and inform our advocacy and education initiatives. The data you provide is essential to our efforts in recognizing program successes and needs, and may be used in future State of Afterschool reports. The Utah State Board of Education, Department of Workforce Services – Office of Childcare, and Utah Education Policy Center may also access the information submitted through this Form.

Finally, the Program Information Form is used to update the Find A Program Map on our website annually.

Best Practices for Submission

To simplify the submission process for the Program Information Form (PIF), please follow these steps:

- 1. **Early Preparation:** Access the PIF at the start of the 2025-26 school year to understand the required information and begin collecting data.
- 2. **Drafting:** In late April or early May, download the fillable PDF version of the PIF. Complete this draft either digitally (using Adobe) or by hand. This allows you to work at your own pace, make notes, and refine your responses. We estimate this step will take approximately one hour.
- 3. **Online Submission:** Once your draft is complete, use it as a guide to enter your answers into the online form. While some online forms allow you to save and return, this feature isn't always reliable, so having your completed draft will make the submission process quick—about 10-15 minutes. Remember to click "submit" when you're finished!
- 4. **Handling Missing Data:** If you don't have data for a question, enter "0" for numeric answers or "N/A" for written responses.

Glossary of Terms

<u>Organization:</u> The administrative afterschool provider. The organization may oversee one or more afterschool programs.

<u>Program:</u> The program is a part of the organization and generally serves a specific age group, geographic area, or audience. Several programs may exist in a single organization.

Average Daily Attendance (ADA): ADA is calculated by adding total attendance for each day (54+38+14+16) =total (122), and dividing the total youth served per year by the number of days your program is in operation (For a program open 4 days a week, 122/4 = 30.5). ADA = 30.5.

<u>Unduplicated Number of Students:</u> Count each student only once for their attendance during the school year, regardless of the number of programs or activities they may have participated in throughout each day (before school, afterschool, etc.).

<u>Youth with Disabilities:</u> Students receiving special education and related services throughout Utah public schools and communities, such as an Individual Education Plan (IEP) or Section 504 Plan.

<u>English Language Learners (ELLs):</u> Students who are unable to communicate fluently or learn effectively in English, who often come from non-English speaking homes and backgrounds, and who typically require specialized or modified instruction in both the English language and in their academic courses.

<u>Regional Network:</u> A group of out-of-school time providers and youth-serving community organizations who convene, connect, and coordinate regularly to expand out-of-school learning opportunities for K-12 youth in Utah: https://utahafterschool.org/what-we-do/regional-networks

Thank you!

We appreciate your time and effort to collect and submit this information and for all you do to serve youth and families throughout the state!

FY26 PROGRAM INFORMATION FORM

Please provide the **7-digit Program ID** of the afterschool program for which you are submitting this report.

If you do not know or are unsure about your Program ID number, DO NOT CONTINUE. Incorrect entries will result in misfiled reports. This 7-digit number should have been provided to your organization's primary contact (typically the Director or Grant Administrator) in an email from your UAN Afterschool Consultant. If you have not received this number, please contact your supervisor. They may redirect you to your OST Specialist for further assistance.

If the program does not have funding from the Department of Workforce Services – Office of Child Care or the Utah State Board of Education, please contact UAN to be assigned a Program ID number.

Program ID Number:

0	Grand	0	Park City	0	Wayne
0	Granite	0	Piute	0	Weber
0	Iron	0	Provo		

Please select all funding sources that apply.

- 21st Century Community Learning Centers (CCLC)
- Child Care Subsidies
- Corporate/Business
- o Foundations/Philanthropic Organizations
- Local Government City Funds
- Local Government County Funds
- Non-monetary support/In-kind support (i.e. AmeriCorps Vista)
- Parent Fees/Tuition
- School-Age Quality Grant (SAQ)
- Teen Afterschool Prevention Grant (TAP)
- Title 1 Funds
- United Way
- Other (Please Specify): _______

Staf	f.
Jiuj	•

Number of staff working full-time (30 or more hours/week) in the program: ______ Number of staff working part-time (29 hours or less/week) in the program:

Does the program have an onsite coordinator/manager/director that directly oversees daily operations?

- Yes
- o No

If so, are they full-time or part-time?

- o Full-time
- o Part-time

Does the onsite program coordinator/manager/director oversee multiple programs?

- o Yes
- o No

The following section (school year staff demographics) is optional but recommended. UAN will use the aggregated data received for advocacy efforts. The breakdown of each demographic category might be different depending on your data collection method or source. Do your best to fill in each category, according to your records. If you do not have data to answer a question, please enter a 0 for numeric answers or N/A for written answers.

Number of staff in each racial/ethnic population:

African American:	Middle Eastern:
